

ONLINE ACCESS

Parents of students attending Bear Creek Community Charter School now have the option to create an account and prepay their child's school breakfast and lunch using MyNutriKids.com online prepayment system. Parents can also view their child's breakfast and lunch purchase history.

Below are a few things you need to be aware of:

- You will need to setup an online account to view your child's purchases even if you choose not to use the system to prepay money on your child's account.
- If you have more than one child in the school, you can handle all online prepayments from the same online account.
- Payments may be made through an existing PayPal account or with a major credit card or a debit card.
- In order to utilize the online prepayment service, a convenience fee of \$1.75 for each transaction will be assessed to cover bank fees. If you are placing money into multiple meal accounts, you will only be assessed one fee per deposit transaction. This fee is paid directly to NutriKids and the school does not profit from the use of this site.
